Dear ASPBAE Members, Partners, and Asia Pacific Members of CCNGO,

Warm greetings to all! We hope this finds you well.

We are now three weeks away from the start of the [Transforming Education Summit](#), which will be organised at the United Nations Headquarters in New York on 16, 17, and 19 September 2022.

On 16 September: **The Mobilisation Day** will be organised and led by youth with the full involvement of a broad variety of stakeholders. Informed by the Summit Youth Declaration, it will serve to convey the collective recommendations of youth on transforming education to decision-makers and policymakers. Additionally, it will emphasise getting the support of the public, youth, educators, civil society, and other stakeholders to support the transformation of education across the world.

On 17 September: **The Solutions Day** will give partners a platform to rally support for the beginning or expansion of activities linked to the Summit's [Thematic Action Tracks](#). There will be presentations of coalitions for action and other multi-stakeholder initiatives that will help transform education.

On 19 September: **The Leaders Day** will be dedicated to the presentation of National Statements of Commitment by Heads of State and Government in the form of Leaders Roundtables. A limited number of thematic sessions will also be held to place a focus on cross-cutting priorities for transforming education. Leaders Day will also feature the presentation of the Summit Youth Declaration and the Secretary-General's Vision Statement for Transforming Education.

Those interested in participating in the Summit proceedings (16-17 September, 19 September) – including youth and civil society – are invited to fill out the online expression of interest form available on the Summit website using this link: [Civil Society Engagements in the Transforming Education Summit Registration](#). The deadline for registration is **31 August 2022**.

National and international commitments to transform education; greater public engagement around and support for transforming education; and a Vision Statement on Transforming Education from the Secretary-General are the Summit's primary outcomes. The Vision Statement will be formally presented as an input to intergovernmental negotiations on the future of education as part of the preparations for the proposed UN Summit of the Future. To ensure efficient follow-up at all levels, it will also be used as input for the SDG4-Education 2030 High-Level Steering Committee's work.

For more information, including on the TES-related national consultations, visit the [Transforming Education Knowledge Hub](#). You may also view the [TES Information Note](#) and the [TES Concept Note and Programme](#).

Please also keep an eye out for more updates on ASPBAE's social media channels.

Thank you and we look forward to your active participation!

Warm regards from the ASPBAE Secretariat,

Helen Dabu
